DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claims 14-18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

As per claim 14, lines 5-6, "generating the first clock signal responsive to the error signal; and

generating the second clock signal responsive to the error signal" is not clear as to what it meant. Is applicant meant - - generating an error signal based on a relative phase different between a first clock signal from a first clock circuit and a second clock signal from a second clock circuit;

- - generating a third clock signal from the first clock circuit responsive to the error signal; and generating a fourth clock signal from the second clock circuit responsive to the error signal - -? Appropriate correction and/or clarification is required.

As per claims 15-18, these claims are also rejected because they dependent upon the rejected base claim.

2. Claims 1-13 and 19-24 are allowable.

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
